Renovation

## Project Team

Jeff Lycan  
Cory McLean

## *Overview*

The Pleasantdale School District 107, comprised of portions of the communities of Burr Ridge, Countryside, Indian Head Park, Willow Springs, and unincorporated Cook County, is located in southwestern suburban Cook County, approximately 25 miles from downtown Chicago. The current student population of approximately 700 children represents a portion of each community.

JM Olson Corporation has been selected to provide General Contracting services for the renovation and expansion project at the Pleasantdale Elementary School, which includes a new two-story masonry addition with seven classrooms. In order to meet the aggressive schedule, the construction of the facility will be performed while classes are in progress. The modifications will create a modern, state-of-the-art facility that will meet the changing needs of the 21st century.
