

PROJECT DATA

BELLE ISLE GOLF TRAINING FACILITY
DETROIT, MI

Client

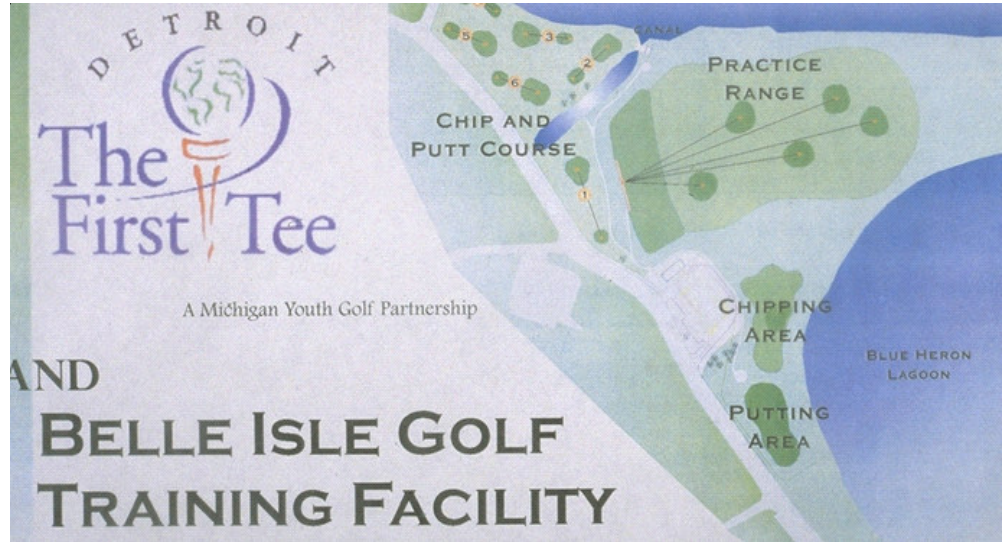

Ford Land Corporate Crossings
550 Town Center
Suite 200
Dearborn, MI 48126

Architect

Rick Smith

Cost

\$2,100,000

Belle Isle in the Detroit River contains 702 acres and is entirely covered with one of the most beautiful parks in the United States, having some 21 miles of Macadam Roads. The Isle features a Horticulture building hemmed by formal gardens, an ornate aquarium complex and the Belle Isle Casino. Activities include swimming, tennis, golf, skating and biking. One of the newest features of the island is the Belle Isle Golf Training Facility.

JM Olson provided construction management services for the new golf facility including driving ranges, practice chip areas, extensive site work and a new clubhouse. Located on Belle Isle, the training facility is designed to encourage inner-city youths to play golf.

Range features mat tee areas and wonderfully conditioned grass tee areas. The short game area includes 4 practice bunkers and 4 chipping greens plus 2 expansive putting greens.
