Size

3-buildings

Cost

\$5,400,000

Date Completed

1992

JM Olson Corporation was hired by East China Township School District to renovate Eddy Elementary School. Eddy was one of three elementary schools renovated by the passage of a \$5.4 million bond issue.

Eddy Elementary posed a unique challenge to our construction management team. Originally built in 1930, the extensive renovations and building addition required the continuation and enhancement of existing limestone architecture. JM Olson's scope of work included construction of new classrooms, a library, cafeteria, administrative offices, mechanical and electrical system upgrades and site work.
