Size

8,000 sf new
8,400 sf renovation

Cost

\$2,240,200

Date Completed

1993

JM Olson Corporation provided general contracting services for the Grosse Pointe Public Safety Building and Link.

The Public Safety Department operates a three platoon system for the patrol force that works an eight hour daily shift and a three platoon 24 hour daily shift for the fire/paramedic personnel. Two Paramedic/Firefighter Specialists and other Public Safety Officers are on duty at all times to man fire apparatus and ambulance.

JM Olson was responsible for 8,000 sf of new construction and 8,400 sf of renovation work to this Fire and Police Station.

“(Olson) has done an exceptional job of balancing our concerns and needs in conjunction with the project undertaking. I’ve found (Olson) to be responsive, very courteous and extremely capable. Accordingly, I would like to extend my appreciation to your firm and the positive interaction we’ve found with your entire staff...”
