77,000 sf

Cost

\$8,243,600

Date Completed

January, 2004

Discovery and self-expression are themes associated with the Liberal Arts and Science Building, which features numerous science labs and art classrooms. In this building you'll find display cases full of student projects and experiences.

Located on the first floor, the College Theatre hosts intimate performances, drama classes, and lectures. From seed to blossom, the greenhouse at the top of the structure nurtures plants for classroom and campus uses.
